## HIGHWAYMEN ROB A BANK

Loot German-American Institution at Merrill, Wis.

### TWO OF THEM ARE CAPTURED

Posse Runs Them Down and Arrests Them After a Battle in Which One of the Bandits is Wounded—The Other Two Robbers Manage to Escape—All The Money They Obtained Is Recovered.

Merrill, Wis., May 29.—Four highwaymen entered the German-American State bank and while three covered Cashier R. C. Ballstadt with their rifles, the fourth entered the vault and took all the money in sight, probably amounting to upwards of \$1,000, and put it in a satchel. They immediately took to their heels.

A posse headed by Chief of Police Calder followed in pursuit, chasing them out of the woods at the park into a clearing beyond, where a running fight was had with two of the robbers.

One of the robbers was wounded. He succeeded, however, in getting to a swamp with his companion, where both were captured about half an hour later. The other two took a different route from the park and were seen to swim the Wisconsin river a short distance below the park.

Both the robbers caught are young men, one probably sixteen or seventeen years old, the other about twenty years old, and both are strangers here and apparently inexperienced as highwaymen. They had automatic rifles.

In their haste they overlooked the vault containing many thousands of dollars.

The money was recovered. They had thrown the satchel containing it into a brush pile.

At the hospital the wounded man stated that his name was John Laya and his home Belwood, Ill. The younger man refused to give his name or address. They were all quite well dressed.

### TRAGEDY IN A PARIS CAFE

American Kills His Daughter and Himself.

Paris, May 29.—An American whose name is given as Henderson and who is believed to have been from New York, shot and killed his daughter and then committed suicide in a cafe near the Central Markets.

Those who witnessed the tragedy were Henderson's daughters, Olga, aged nineteen, and Gladys, aged ten, his wife, who is a Russian woman, and Olga Lepretre, governess. The last named says that Mr. Henderson had been a sufferer from neurasthenia. She says he owned several villas near Paris and a country house at Villiers-Cotterets. It is understood that he owned much real estate in and around New York. With his family it had been his custom to visit Paris annually.

The restaurant which was the scene of the tragedy is known as the "Tranquil Father," and is a well known supper place here.

### Bandmaster Commits Suicide.

West Point, N. Y., May 29.—Bandmaster George Essigke, in charge of the military academy band for more than fifteen years, committed suicide by inhaling illuminating gas. Worry over investigations recently begun by the war department into his official conduct is assigned as the reason.

## DISPOSES OF THE SUGAR SCHEDULE

Senate Concludes Consideration of Subject.

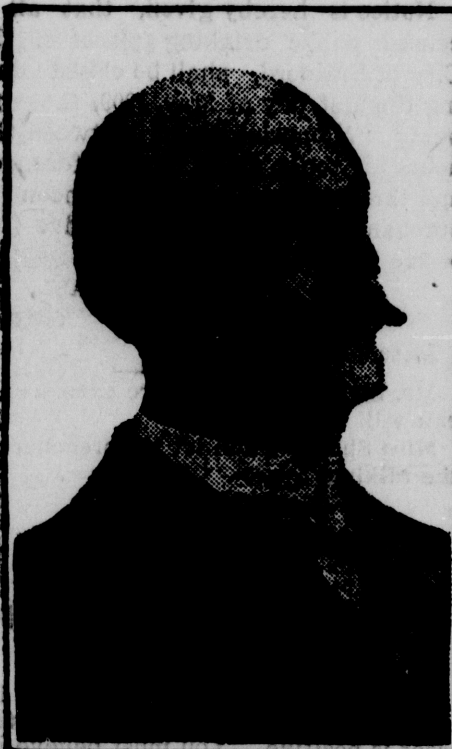

### ALDRICH FINALLY GETS ACTION

Paragraph Fixing Duty on Raw and Refined Sugar May Again Be Placed Before the Senate If Senator Clay's Health Improves Enough to Permit Him to Call It Up—Tobacco Schedule Completed.

Washington, May 29.—Senator Aldrich succeeded in getting action by the senate on the remainder of the sugar schedule with the understanding that the paragraph fixing a duty on raw and refined sugar should be again placed before the senate if Senator Clay's health should so improve as to permit of his taking advantage of an opportunity at a later date to move an amendment cutting the figures in two. The tobacco schedule was also completed. No changes were made in the finance committee rates on either schedule. The sugar, the tobacco and agriculture schedule divided the attention of the senate with incidental remarks on the side by Senator Bacon and a general tariff speech by Senator Stone.

Sensors Gore, Bristow and Clay criticised the provision for a duty on raw and refined sugar and Mr. Clay repeated his allegation of fraudulent transactions in the interest of the sugar trust. Mr. Bristow declared that the trust has benefitted by the defeat of his amendments Thursday, and Mr. Gore asserted that by the adoption of the finance committee's provision, which was the same as that passed by the house, only 5 cents on the hundred pounds of sugar would be saved.

Senator Bacon's remarks consisted of a charge that the reading clerk of the senate and the Republican leaders were in collusion to shut off debate. The charge grew out of the fact that when the senate was about to vote on an amendment by Mr. Gore

AUGUSTUS O. BACON.

to the sugar schedule, Mr. Bacon was preparing to address the senate and had actually begun before the roll was called. He asserted that the course had been pursued to prevent him from speaking, and, declaring that such a plan had been followed in the past, he entered upon a sharp criticism of the official. The vice president himself assumed the responsibility for ordering the call to proceed and the incident was closed. The Gore amendment was subsequently withdrawn.

Senator Bradley made a long speech early in the day in advocacy of the removal of the internal revenue tax of 6 cents a pound on tobacco in "the hand." He asserted such action to be essential to the welfare of tobacco growers throughout the country and traced the raids of night riders in Kentucky and Tennessee to what he declared to be the unjust course of the tobacco trust in dealing with the tobacco producers.

Just before the session closed, Senator McCumber spoke in behalf of a protective duty on agricultural products, predicting great falling off in the American production of wheat in the near future.

### Negro Found Guilty.

Fargo N. D., May 29.—The jury found Edward Simpson, colored, guilty of manslaughter in the second degree and fixed the penalty at twenty-one years in the penitentiary. Simpson shot Charles Clark, colored, in a restaurant row several weeks ago.

### ESTATE GOES TO THE FAMILY

Will of the Late Henry H. Rogers Admitted to Probate.

New York, May 29.—The will of the late Henry H. Rogers, the Standard Oil millionaire, was admitted to probate here. According to its terms practically the entire estate, valued according to Wall street estimates at between \$50,000,000 and \$75,000,000, ultimately will be divided among the four children and their heirs. Half of the equal shares into which the residuary estate is divided will be given to the four children when they reach the age of forty years, while the remaining half they may dispose of only by will, continuing, however, to enjoy the income until their death.

The will is a document of comparative brevity. No estimate of the value of the estate is given in it beyond the customary phrase "more than \$10,000 personal and more than \$10,000 real." The widow and a large number of relatives are provided for through trust funds, the interest on which they will receive during their lifetime. The principal is to revert to the estate upon their death. Mrs. Rogers' annuity is specified as \$100,000. The others, only ten in number, will receive the interest on amounts ranging from \$10,000 to \$200,000.

The only public bequest is one of \$100,000 to the town of Fair Haven, Mass., Mr. Rogers' birthplace, to be used for school purposes.

### TRIAL OF PATRICK CALHOUN

Opposing Attorneys Have a Spirited Clash.

San Francisco, May 29.—Opposing attorneys had a spirited clash in the Patrick Calhoun bribery trial when John Helms, once a detective in the employ of the United Railroads and at the same time in the pay of the prosecution, was asked to relate details of an alleged attempt to prevent his appearance as a witness against Mr. Calhoun. Helms, under examination by Assistant District Attorney Heney, had told of visits made to his ranch in Trinity county by two men alleged to have been emissaries of the defense. Mr. Heney attempted to show that Helms had invited the offer of a bribe to entrap anyone making such an attempt.

Attorneys for the defense interposed many objections.

Early in the day Alonzo J. Monroe, an attorney, had testified that he sent Winfield S. Lamb, a rancher, to Helms' residence to carry out instructions transmitted to Monroe by W. H. Metson, an attorney who has represented officials of the United Railroads in recent proceedings connected with the Calhoun case.

Monroe said he was requested to see that Helms was advised of his rights, legally defended and not "sweated."

### Jury Out in Labor Case.

Chicago, May 29.—The jury in the Madden-Boyle-Pouchot labor case, which has been out since 4:30 o'clock Thursday afternoon without giving any sign of being near an agreement, will be discharged today if no verdict is reached. Judge McSurely made this announcement after he had been informed by bailiffs that the jury still was unable to agree.

### Tornado in South Dakota.

Rapid City, S. D., May 29.—The town of Farmingdale was struck by a tornado. Many buildings were wrecked and telegraph and telephone lines were blown down. No reports of injuries have been received.

## INVESTIGATION OF HEINZE'S AFFAIRS

Takes a Sensational Turn in New York City.

New York, May 29.—The federal grand jury's investigation of F. Augustus Heinze's affairs in connection with the alleged misapplication of the funds of the Mercantile National bank took a sensational turn when United States Attorney Wise applied to and obtained from Federal Judge Lacombe an order directing certain directors of the United Copper company to produce the full and complete books of that concern in court forthwith or be declared in contempt.

The directors named, Sanford Robinson, Carter Glass, William J. Curtis and Horace Abel, reported to the court at the time set by Judge Lacombe that they were unable to comply with the court's order, because Mr. Heinze, the president of the United Copper company, had refused to give them the books or tell where they were, giving as his reason that he was under indictment and further investigation. They also reported that they were helpless for the moment, but would make every effort to get into the company's vaults and search for the books there if given time. The directors further told the court that they had called a special meeting of the directorate five days hence, when Heinze and Secretary and Treasurer Gifford, who, it is alleged, has gone to Europe, would be deposed from their official positions with the company. Heinze, the directors went on, told them that Gifford took the minute books with him to Europe. Frederick Eckstein, assistant secretary and treasurer of the company, who was included in the court order, said that he knew the combination of the vaults and was ready to aid in getting the books if they were still there.

Judge Lacombe declared that under the circumstances he would be lenient and give the directors further time to recover the books. He fixed Tuesday afternoon as the time for them to report in court again.

### TAFT GOES TO PITTSBURG

President's Wife Prevented From Accompanying Him by Illness.

Washington, May 29.—President Taft left here over the Pennsylvania railroad for Pittsburg, a private car for his occupancy being attached to the regular train. With the president were Archibald W. Butt, his military aide, and Assistant Secretary Mischler.

Mrs. Taft was prevented from making the trip by recent nervous breakdown from which she is said to be satisfactorily recuperating.

### Soldier Kills a Girl.

Cincinnati, May 29.—While seated on the porch of a Fort Thomas, Ky., home, just outside of Newport, Miss Alice Hicks was shot and instantly killed by Harvey Donnelly, a private. Donnelly escaped. Jealousy is said to be responsible.

### Killed by Lightning Bolt.

Great Falls, Mont., May 29.—Oscar Dahlgren, aged twenty-two, of Little Falls, Minn., was struck by lightning and killed at a sheep camp of the T. C. Power company, twenty miles north of this city.

### POSTPONES FINAL ACTION

Majority Leader Payne Sidetracks Porto Rican Bill.

Washington, May 29.—Debate on the bill amending the organic act of Porto Rico was continued in the house. It was the expectation when the session began that consideration of the measure would be concluded, but the membership gradually dwindled away until there was no quorum and as an important amendment limiting the operation of the proposed law to one year was pending, Majority Leader Payne deemed it expedient to postpone final action on the bill until there could be a better attendance. The Democrats sought to frustrate him in this purpose, but were unsuccessful.

The principal speech was by Mr. Borland of Missouri, who upheld the Porto Rican house of delegates for refusing to yield its legislative rights and pleaded for a territorial government for the Porto Ricans. Messrs. Parker (N. J.) and Payne (N. Y.) advocated the passage of the bill.

### HANGMAN'S NOOSE IS FOUND

Secreted in Courthouse Near Room in Which Murderer Is Kept.

Centerville, Ia., May 29.—A perfectly tied hangman's noose was found secreted in the courthouse near the room in which John Junken, negro slayer of Clara Rosen, is kept in his trial. Spectators at the trial were greatly wrought up as Chief of Police Gallagher told of the confession which Junken made and later repudiated. Detective John Gray also told how Junken described the murder to him. The defense will put Junken on the witness stand, it is said.

It transpired that Junken Thursday night made a futile break for liberty through a window of the grand jury room in which he is confined on the third floor of the courthouse. Six armed men sat around Junken's cot at night to guard him from lynching and to prevent his escape.

### Yale Day Celebrated.

Pittsburg, May 29.—"Yale day" was celebrated at the fifth annual convention of the Associated Western Yale clubs. A smoker at the Pittsburg club closed the first session of the meeting. President Taft, Secretary of State Knox, President Hadley of Yale and other notable men will attend the second session.

## WEATHER FORECAST

Showers and thunderstorms tonight  
and Sunday cooler; west and south portions  
Sunday afternoon.

How about the Fourth of July, will  
everybody celebrate out of town this  
year—as usual, or will some effort be  
made to give the people a chance to  
spend their money at home.

A TOTAL eclipse of the sun will be  
visible in this section on June 17. The  
coming solar event is likened to that of  
1869, at which time people died of  
fright, hens went to roost, bats and  
other night birds came out.

THE Aitkin Republican is informed  
on reliable authority that the survey on  
the Cuyuna range railroad has been  
started and that the road will run  
through that town if the people want  
it bad enough to give the right-of-way  
through the town and the depot grounds.

A. P. BLANCHARD, of Little Falls, is  
dead after an illness of some days following  
an operation. The deceased  
was one of the prominent men of northern  
Minnesota, having practiced law  
for twenty years at Little Falls and  
was a partner of Congressman Lindbergh  
until that gentleman entered politics.

MILDRED, a small town on the M. &  
I. road, seems to have a fire bug within  
its confines. The post office and general  
store, the lath mill, the hotel have  
each in turn been burned to the ground,  
and now the school house has gone up  
in smoke with the entire school equipment  
and the Sunday school library. It looks  
as though there was a chance for  
some one to do a little detective work  
in that vicinity.

DEATH has removed a prominent  
man at the head of the lakes in the person  
of John T. Black, whose fatal illness  
followed an operation for appendicitis.  
Deceased was well known in this city  
and in fact all over the northwest.  
For many years he had been fire chief  
of the Duluth fire department, and his  
reputation as a fire fighter was world-wide.  
He was a thirty-second degree  
Scottish Rite Mason and was grand  
captain general in the grand commandery  
of the Knights Templar.

Tell it So Plainly

When public endorsement is made by  
a representative citizen of Brainerd the  
proof is positive. You must believe it.  
Read this testimony. Every backache  
sufferer, every man, woman or child  
with any kidney trouble will find profit  
in the reading.

Mrs. A. Hamilton, living Cor. N.  
Tenth and Ivy Sts., Brainerd, Minn.,  
says: "For almost a year I felt worn  
out and miserable. I had no ambition  
and when I arose from a chair I was  
hardly able to move. My back was  
weak and I often had dizzy spell. While  
living in Canada, I heard Doan's Kid-  
ney Pills endorsed very highly and when  
I read an article in the Brainerd papers  
in favor of this remedy, I sent to H.  
P. Dunn's drug store for a box. They  
strengthened my kidneys and acted as  
a tonic to my general system. I now  
feel better, rest well at night and can  
do my work without difficulty. Doan's  
Kidney Pills worked wonders in my  
case and I take pleasure in recommend-  
ing them to other kidney sufferers."

City Fathers Contemplate Economy in Matter of Printing and Publishing

### GRANT LICENSE AND TRANSFER

Application of W. T. Larrabee and of Geo. R. West Favorably Acted Upon

The city council met in special session at the council chambers Friday evening, in pursuance to announcement made at the last regular meeting. Roll call showed Aldermen Henning, Cardle, Robertson, Paine, Zakariasen, Kjellquist and Deickhaus present when President Twohey called that body to order. He announced the purpose of the meeting to be to act upon the application of W. T. Larrabee for a saloon license and of Geo. R. West for permission to transfer his saloon from the basement to the first floor of the building occupied by him at 213 South Sixth street.

Mayor Ousdahl came in. The license of Mr. Larrabee and the transfer of Mr. West's license were ordered, the members present voting aye in both cases except Alderman Kjellquist, who voted no on both roll calls. Alderman Drexler here came in.

The committee on water and fire protection reported that the city would need the services of a competent engineer in the condemnation proceedings.

Alderman Zakariasen, from the purchasing committee brought up the matter of the printing of jobwork for the city. City Attorney Ryan stated that the city could under the charter advertise for bids, but that as it had not done so it could buy the printing needed from time to time. Alderman Zakariasen presented reports from various cities showing what they paid for publishing proceedings and other city printing and job work. He also had read a report from the city clerk showing the amount paid for printing and publishing during the past year. A motion was made by Alderman Paine that the publication of the proceedings of the city council be dispensed with. City Attorney Ryan stated that because of the fact that the bid of Mr. Halsted was accepted by a resolution adopted when there were ten members of the council present, it could only be changed by a resolution passed when there was the same number present, and Mr. Paine's motion was therefore out of order.

A motion was made and carried that the city have 200 rosters of the city council, committees, officers, etc., printed, and the purchasing committee was directed to have same done.

C. M. B. Fischer, 1013 Fir street appeared before the city council, and stated that a cement sidewalk was ordered laid in front of his property in block 218 last season; that he had it laid by Alonzo Everett and had his receipt for its payment, but there was an assessment of \$70 for sidewalk levied against the property nevertheless. The records showed that the walk was ordered laid and that the assessment was made by the city engineer, but no trace could be found where the city had paid Mr. Vaughn for doing the work, or where he had ever presented a bill for it. The city attorney ruled that it was an error on the city engineer and could only be rectified by a resolution, which he would prepare and present to some subsequent meeting.

On motion of Alderman Cardle it was ordered that two unused mattresses at the Central hose house be transferred to the city lock-up.

The sewer committee reported that the top of the general sewer from the railroad dump to the Kingwood street bridge was practically gone and must be replaced. It was on motion of Alderman Drexler ordered that the city purchase the necessary supplies and

that the street commissioner be ordered to do the work.

A verbal request was presented from J. K. Pearce asking permission to build a 12-foot cement block addition to his block on Laurel street and it was on motion granted.

On motion of Alderman Paine it was ordered that the city engage an engineer to examine the waterworks plant and act as witness in the condemnation proceedings. The committee on waterworks was instructed to confer with different engineers and report to the council.

A communication was received from Mayor Ousdahl announcing the resignation of H. F. Michael from the library board and appointing Prof. J. A. Wilson to succeed him. The appointment was on motion confirmed.

A letter was read from the Western Port Huron Co., concerning the payment for the steam roller sold the city two years ago, and the city attorney was instructed to answer the same: The city council then adjourned.

### LOCAL BASE BALL

Aitkin, Sunday and Monday.

The Koering ball park at the ravine above the bridge, needs a lot of work to get it in shape for tomorrow's game, as the ground is pretty soft yet.

Smith, the meat man, has a crew at work on his new ball park between 4th and 5th streets south. He expects to have an excellent park and will have a new grand stand up in a week.

Templeton and Bush have been laid up temporarily for the past few days, but both of them will be in the game tomorrow.

Brainerd and Aitkin cross bats tomorrow in the second game of the season for both teams. Brainerd beat the up-river bunch last Sunday and it is expected that they will come down loaded for "bear", but judging from the practice of the local team, we should do it again. Give the team a boost by buying a ticket for both games.

The line-up for tomorrow has not been decided on as yet, but in all probabilities will be as follows:

Parker, c; Tower, p; Place, 1b; Kylo, 2b; Templeton, (Capt.) 3b; Bush, ss; Jacobs, lf; Ousdahl, C, cf; and either Wilson, Sundberg or H. Ousdahl in the right garden. They will have to hurry to get ahead of that bunch.

A bunch of green tickets, 25 in number, for Monday's game have been lost or stolen. The rest of the green tickets have been reprinted so don't try to go to Monday's game unless your ticket has the red reprint across the top of it. See that your ticket has this on it before you buy.

### RESOLUTIONS OF RESPECT

In District Court Today Resolutions Were Offered Concerning the Death of the late A. P. Blanchard

Just before noon today in the district court, Hon. W. A. Fleming offered the following resolutions on the death of Arthur P. Blanchard:

Whereas, we have heard, with deep sorrow and regret, of the death of Arthur P. Blanchard, an honored and highly respected member of the bar of this state, at his home in the city of Little Falls, Minnesota.

Therefore Resolved, that, on account of high and long standing practice of his profession, and the confidence and esteem in which the deceased was held, we the members of the bar of Crow Wing county do hereby express our extreme sorrow at the death of our respected brother Arthur P. Blanchard, and we extend to the family of the deceased our condolences.

Resolved Further, that these resolutions be spread upon the minutes of this court, and that a copy of the same be transmitted to the family of the deceased.

Resolved Further, that out of respect to the memory of the deceased this court has now adjourned for the remainder of the day.

Mr. Fleming spoke feelingly of the deceased, referred to his acquaintance with him, and also to his long and honorable practice of the law, saying that he knew of no one who was more qual-

## A HERO OF THE AMERICAN REBELLION

Brief Sketch of Man who Planted First Starry Flag on Missionary Ridge

### A TRUE TALE FOR VETERANS

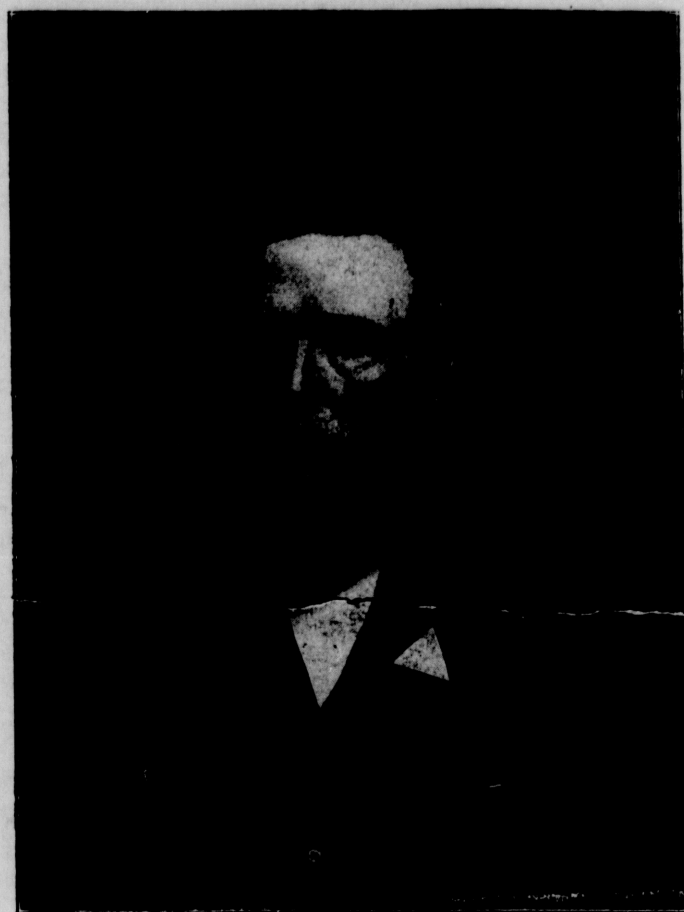

John Cheevers, Color Bearer of 88th Illinois Infantry Claims Distinction

There is, or at least was a very short time ago, residing in Douglas township, Clay county, Iowa, an unassuming hero of the civil war. He is one of the color bearers who led the union hosts up the steep sides of Missionary Ridge on that November day in 1863, when the sturdy northern heroes under General Grant

putting men back into the rifle-pits. His gallant gray was straining a nerve for him now and the man rode on horseback into Dixie's bosom, who arrayed in some prophet's castoff mantle, foretold on Monday, that the Yankees would leave Chattanooga in five days. They left in three, and by the way of Missionary Ridge, straight over the mountain as their forefathers went. As Sheridan rode up to the guns the heels of Breckinridge's horse glittered in the last rays of sunshine. That crest was hardly well off with the old love before it was on with the new."

Like all brave men, John Cheevers was quiet and unassuming. During the twelve years which the writer enjoyed his acquaintance, only by adroit leading on, could he be induced to tell of the deeds of prowess which made his name famous in the annals of one of the leading regiments of the west.

Tall, gaunt and grizzled, the image of Mr. Cheevers as last seen by the writer, will go with him to the grave. He was a kindly man and never so hap-

JOHN CHEEVERS, Color Bearer of 88th Ill. Vol. Inf.

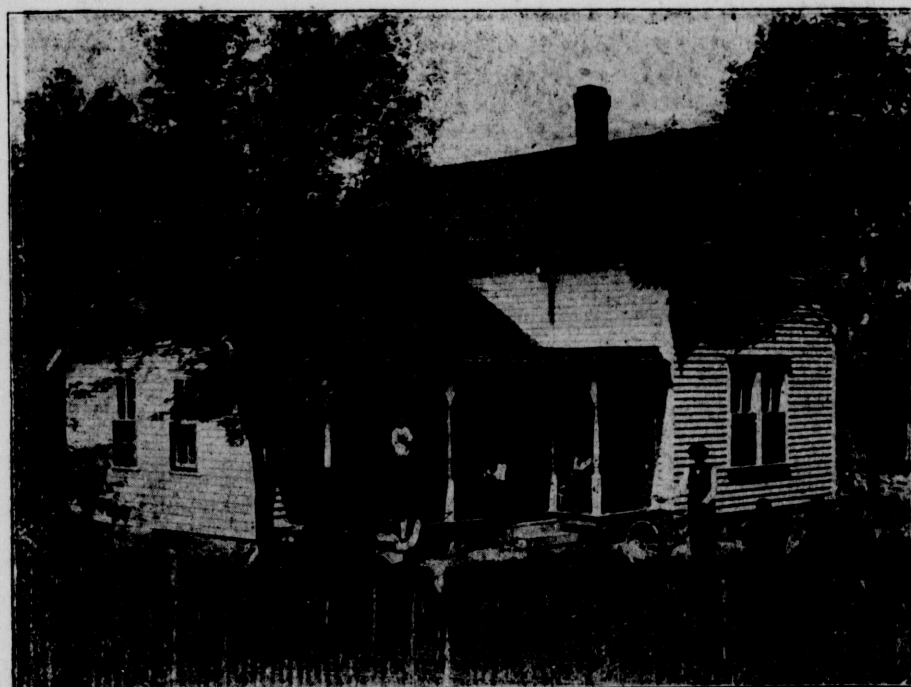

turned the tide of that momentous struggle.

John Cheevers, a tall, rawboned Irish lad, enlisted in the Second Chicago Board of Trade regiment (mustered into the service of the United States as the 88th Ill. Vol. Inf.,) on the 27 day of August, 1861, and from that day till the close of the war he was with his regiment in every battle and from almost the very first was its color bearer. A charmed life was his. At Murfreesboro and Chicamauga, at Missionary Ridge and before Atlanta, he bore the flag to front of the fight, his regiment being in nearly every battle of that mighty series of campaigns. Left behind with Thomas when Sherman left Atlanta to deal the the confederacy its death blow, the 88th Illinois, with Mr. Cheever carrying the colors, helped to deal the crushing defeat at Franklin which annihilated Hood's army.

Of the battle of Missionary Ridge, Benj. F. Taylor, the correspondent of the Chicago Journal, writing from the field, said:

"What colors were first upon the mountain battlement, I dare not try to say: bright Honor's self may be proud to bear—bear?—nay proud to follow the hindmost. Foot by foot they had fought up the steep, slippery with much blood; let them go to glory together. But this I can declare: John Cheevers, of the 88th Illinois, planted his flag by Bragg's headquarters and it kindled there in the setting sun, at the very heels of the enemy. A minute and

py as when surrounded by his children and grand children, as shown in the accompanying cut of his home. The other portraits are of him in 1902 and of him and the flag when he was mustered out in the summer of 1865, after the close of the war. Truly, he has left his children an heritage of honor.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

### VERDICT OF \$155

Petit Jury Gave A. Everett That Amount in His Case Against the City of Brainerd

The jury in the case of A. Everett vs. the city of Brainerd, after being out almost 24 hours gave Mr. Everett a verdict of \$155. He sued for \$188 or thereabouts and was offered \$95 in settlement of the claim.

The case of Abear vs. Everett was still on trial at noon today, the evidence having been completed shortly after 11 o'clock. This suit was brought to recover damages for an injury sustained by Mr. Abear while working for Mr. Everett in the basement of the new Citizens' State bank building while that structure was in the course of erection. A portion of the walk south of the excavation caved in breaking Mr. Abear's leg, hence the suit. It was necessary to get a special venire of 15 talesmen to secure the jury, because of the fact that there was already one jury out and a number of original panel had been excused.

## Resolutions of Respect

(Continued from page 3)

ified to the respect of the profession than Mr. Blanchard.

Mr. Ryan, in seconding the adoption of the resolution said: May it please your Honor:

In arising to second to Mr. Fleming, I do so with the feeling of profound regret at the untimely ending of a most useful life. It was with the utmost sorrow I learned last evening of the death of Mr. Blanchard, and I believe I express the sentiment, the feeling, and the sorrow of the local bar when I say the bar of Central Minnesota has lost one of its brightest lights, has lost a member that stood at the top of the profession, and that the citizenship of Central Minnesota has lost one of the highest types of manhood.

We who had the pleasure of working in court with him know him to be a lawyer whose entire talents, energy and strength were always given to the cause he represented and I feel that I can pay him no higher honor than by saying I re-iterate all the mover of this motion has said of him. Coming to this bar as I did a young lawyer, I can truthfully say that my association with him both within and without court has been an inspiration to me. It is with the deepest feeling of sympathy for his bereaved family I second the motion to adopt the resolution as read.

Mr. Larson said:—The report of the sudden death of Mr. Blanchard came as news of distinct personal loss to me. It was the loss of a real friend and the passing away of one of the leaders at the bar in Central Minnesota. His death comes as a forcible reminder of the uncertainty of life and the necessity of doing one's very best each day in order to attain the high station in life as a citizen and as a member of the bar to which Mr. Blanchard had attained. Mr. Blanchard was a kind and thoughtful friend, a true citizen and an able and conscientious member of the legal profession.

Judge Stanton in receiving the resolution, gave to the deceased a high place in the legal profession and said said that he and the deceased were school mates. The judge was visibly affected and could only say how much he honored Mr. Blanchard in his life time and of the loss of the bar of the state.

The court ordered the resolutions spread upon the minutes and a copy sent to the family.

### A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broad-cast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them *Remedies of Known Composition.*

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the strictest scrutiny. Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, bilious liver or biliousness and all catarrhal diseases wherever located, have printed upon it in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native medicinal plants was gained from the Indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.
